And... How A 19-Year-Old Kid Used The Same Trading System To Retire After Raking In \$31.5 Million In Sweet Profits

Now It's Your Turn!!!

Dear Friend,

Why should others have all the "dumb" luck?

Now, with your permission, I will reveal this same tested... proven... documented trading system that potentially can suck money out of the commodities market and stuff it into YOUR pockets.

Stop what you're doing and get your hands on what I believe is THE most profitable trading system ever developed in the history of the futures/commodities market. Call me NOW... Or-Send me your order form and I'll rush the complete system to you with an AMAZING \$50,000 GUARANTEE.¹ More on that in a moment.

Listen. This is so powerful that year after year... for the past 25 years, those who used our system of trading have pulled millions upon millions of dollars of profit out of the market... and lined their bank accounts with riches they once thought impossible. And get this-it doesn't take a rocket scientist to do it.

In fact... a 19-year-old kid named Curtis Faith raked in \$31.5 million dollars before he retired from public trading.

Before I go on... Let me tell you how this works.

In the early 1980's two guys named Richard Dennis and Bill Eckhart developed a unique commodities trading system that gave them explosive profits in all kinds of markets. In fact, Richard Dennis started with only \$400. After a few years he had banked over \$200 Million dollars.

I Saw The Ad And Called Right Away.

In 1983 Richard and Bill made a bet. Richard said "We can teach others how to do this." And Bill said, "No...it can't be taught." So, to see if it could be "taught"... they ran a few classified ads in the Wall Street Journal, Barron's magazine and the New York Times offering to teach their

unique system of trading the commodities/futures market. I saw the ad and called right away.

Over 1,000 people lined up to learn this commodities trading system. But Richard and Bill screened out over 950 people. I was lucky. They chose me to be one of a small handful of students they would train. Richard called us 14 students "The Turtles".

Secrecy Is Important When Profits Are At Stake!

My name is Russell Sands. I am a "Turtle Trader". We all had to sign a secrecy embargo about these trading methods. My embargo was the 1st to expire. Now... if you

¹ This is not a guarantee against losses.

"I began using these ideas in October... and now am sitting with over \$ 14,000 in profits. Thanks to you I will be able to do virtually anything I want to. I will have no need to work for anyone else. My life will belong to no one but my family and me. Thank you for providing the catalyst that has changed my trading life." -Frank, Minnesota

give me permission... I will reveal these very same trading secrets to YOU. And I believe it won't even take you two weeks to learn them. I've compiled everything you need to know into a

powerful, easy-to-read... easy-to-use "Confidential Trading Handbook and DVD course."

PLEASE NOTE: When the original 14 "Turtles" went on their own-they documented over \$1.6 BILLION DOLLARS (With a "B") of profits in 6 years. Many of the original Turtles are still professional traders managing large investment funds. I'm the only one who has chosen to make this knowledge available to the "common man" by revealing it all in an easy-to-understand, Original Turtles Notebook updated report and my DVD course.

If I'm right about you... this will be the most important letter you have ever read. Why? Because if you're like me... you'll be thrilled to discover something that I believe really, really works. Something with a long, proven track record of profits.

You don't need to devote lots of time to this. About 15 minutes a day is all it takes. You don't need tons of cash to do this... Richard Dennis started with only \$400. And... you don't need a college degree. I've made the system simple... easy-to-understand and easy-to-follow. Even a 19-year-old kid can do this so long as he or she has the patience and temperament required for the trading system. A 19-year-old kid already has done it.

"This has been the absolute BEST ever trading year, thanks to your system. I have been trading futures and options for over 18 years. This is the most consistently winning technique I have used. Almost every month shows new profits. Since I began trading it 5 months ago I am up well over a 100%." -Chas B. Vail, Colorado

Listen... Let me be honest with you. If you can practice a little discipline... a little patience and follow a clearly defined model-a system that is mathematical... scientific... logical... and teachable... A system that includes simple chart reading, timing, money management, and when to cut your losses and when to reap your profits... then you just might be one of my new "Turtles". Pick up the phone NOW to get your hands on this offer.

This trading system has been around for over 25 years. It's been tested in every market condition you can imagine... War. Inflation. Stock market crashes. Natural disasters. And times of ultimate boredom. And it still works.

Want Proof?

I've got tons of proof. I could overwhelm you with charts and graphs and testimonials and write-ups from financial publications.

But let me give you the most recent public-record results. Here are the results of 7 original Turtles who are still managing public money or have made their results public. In late 2007 they posted these numbers as profits. Take a look

(Past performance is not necessarily indicative of future results.)

School Teachers Or Truck Drivers Can Do This

Don't let those big numbers scare you. Turtle Trading is for anyone who wants to discover a tested, proven way to trade

"I believe my case is a perfect testimony to the legitimacy of the Turtle trading methods. I began trading in February with a \$10,000 account. As of this writing, I have a net profit of \$237,000! I'm now a full-time trader instead of a real estate appraiser." -Scott, Pennsylvania

the market for outstanding profits. You can be a schoolteacher, a carpenter, a meter-maid, a farmer or a Starbucks coffee maker... it doesn't matter so long as you have the patience and temperament requirement to trade this system. You can be a student, a nurse, a truck driver, or car mechanic. What matters is that you can follow the proven method and system. If you can do that... I'm inviting you to call right away.

And there's more. Lots, lots more

Back in 1983 when Richard and Bill started training me and the other 13 "Turtles"... I had my doubts that this would work. But I was willing... and eager-to give it a chance. I paid attention for the two-week training. I put my skepticism aside as I learned that Richard Dennis was perhaps the Greatest Commodity Trader in the World. After the training Bill and Richard funded an account for us and put us to work trading the market.

To this day, I'm still surprised and elated at the amount of money we made then... and at how much money my "new" Turtles are making today.

Will you do me a favor? Will you call 1-800-710-8552 right now? I want to make you one of my new batch of Turtles. I'm thrilled to share this knowledge with anyone who will sit still long enough to get it.

And if you let me... I'll not only send you The Original Turtles CONFIDENTIAL Trading Handbook, but I'll also send you FREE the DVD of a great seminar I conducted in Australia called TURTLES DOWN UNDER, TURTLE

TRADING FOR FABULOUS PROFITS.

Plus, I'll send you FREE a special report I've prepared for you called The Year Of The Turtle: Turtle Trading For Fabulous Profits.

I'll send you all three items if you order by this coming Friday.

I have to limit how many copies of this complete system I send out. Not because too many "Turtles" will hurt the market. No. The commodities/futures market trades in the billions of dollars every darn day. No, I have to limit it because I want to make myself available to my students in an ongoing fashion if you need it and I only have so much time.

So, if you will pick up the phone right away, I can send all three items to you. The Original Turtle Trading Handbook, The FREE DVD and the FREE REPORT. I believe it's the greatest gift I can give to anyone. Turtle Trading has changed my life dramatically. Turtle Trading has changed many, many lives since 1983. Now it's your turn.

"Safe and effective" are words you don't always associate with trading systems, but my Turtle accounts have been just that. In nine months, a \$5,000 investment has turned into a \$22,000 balance in commodities. Not only can you watch your account increase, but you get the secret formula, and can actually see, learn, study and understand what's happening on each order. As my mama used to say, "slow and steady wins the race". Go Turtles. -Mike T.
